Dear Mr. Bown:

On August 10, 2004, the Division notified you that your mining operations were placed in suspension for failure to pay the required permit fees for year 2004. On September 1, 2004, we received your permit fees; therefore, the status of your mines are no longer listed as being in suspension and you may continue mining activities as before.

Permit fees are required annually (by the last Friday in July) until the site has been completely reclaimed and you have received written notification from this office that the permit is officially closed.

Nonpayment of permit fees suspends an operator's right to mine. With the new enforcement rules now in place, notices of violation can be issued and penalties assessed for nonpayment of permit fees, or other violations of the Mined Land Reclamation Rules. We hope to avoid taking enforcement action against mine operators. Payment of the permit fee by the due date will alleviate the violation for nonpayment of fees. Thank you for keeping your mine permit in good standing.

Sincerely,

Daron R. Haddock
Permit Supervisor
